

Nothing can justify sexist violence.

We're all responsible for spotting these aggressions, physical or verbal, as well as discrimination based on gender, identity or sexual orientation.

Offensive and degrading comments, taunts, insults, following people, physical contact without consent, rape or attempted rape are intolerable aggressions we must all help eradicate.

**IF YOU SEE IT,  
SPEAK UP,  
ACT**

If you've experienced an aggression  
and need support, you can contact:
